**Remember Crestfield with your Contributions**

As we celebrate Christ's birth, please consider giving a gift to Crestfield in honor of someone special in your life. Crestfield is reaching others for Christ. This is evident by our continued ministry to summer campers, increase in outreach through our Mission Possible Program and Daycamp Initiative and working with congregations throughout the year in assisting in developing their own children's ministry. To continue this ministry and outreach, while providing a space of sanctuary that reflects the hospitality of Christ, please consider a year end donation to Crestfield. As always, your continual and unceasing prayer support is so very valuable to us. May God bless you this Christmas season.

**Summer Staff Applications**

We are now accepting applications for summer staff. If you know someone who would be a dynamic asset to our summer ministry, please pass this information on to them or contact Becky Little. We are looking for people who have a strong Christian faith and the ability to share it, have a love of children and youth and the great outdoors...and a high energy level! Job descriptions and applications are available online:
